

OUTSOURCED LONG TERM HSE TEAM SUPPORT

Sector	International
Client	An international energy company
Service	Team of Seconded HSE Officers responsible for day to day Health and Safety Site Oversight
Project Days	Almost 2,000

CLIENT PROBLEM ?

Project specific roles, or roles which are not needed for the entire duration of a project cycle, often present financial, resourcing and headcount challenges to companies. Corporate OHS can help by providing outsourced health and safety Managers and HSE Consultants for medium to long term secondments or on a monthly retainer basis.

Highly personalized, cost and time effective. Our well qualified and experienced Consultants will work in partnership with you. Dedicated, highly qualified and trained staff giving immediate, expert HSE advice whilst working as an extension of your current team.

The client found further financial benefit in the form of not having to spend budget on: staff visas, healthcare, holiday, gratuities, flights and sickness. IT infrastructure e.g. laptops and phones, onboarding costs e.g. recruitment, training, HR, payroll.

Corporate OHS offers HSE and risk management solutions, including outsourcing.
